Report on the administration of the Municipalities in the Chittagong District for 1879-1880.

There were only three Municipalities viz Chittagong, Dawengee and Banikur in this District during the year. The introduction of Municipal system into 3 other towns of Hoodroog, Hooliyar and Hereejoor was sanctioned by the Chief Commissioner in his proceedings No. 6215-16 Munt 308 dated 20th February last, and arrangements are being made to carry out the orders.

2. The receipts from all sources amounted to Rs 7556-1-9 which, with the cash balance at the beginning of the year Rs 1998-10-3, gave an available income of Rs 9554-12-4 against Rs 10487-1-4 of the last year, and the decrease of Rs 932-5-4 was attributable not only to the small opening balance but also to the comparatively small income derived. Of the above gross income of Rs 9554-12-4, a sum of Rs 7568-6-2 was spent both in

maintaining Establishment and on the execution of Public Works, leaving a cash balance of Rs 1986-5-6 at the close of the year.

3. The Municipal income was derived from Municipal House tax Mohaturfa, Octroi and other items termed "Miscellaneous"

4. It will be observed that, before the receipt of the Chief Commissioners proceedings No. 3362-73 Muml 161 dated 27th September last, there were two separate taxes called Municipal and Mohaturfa taxes; these were combined and levied as a single tax during the year under report according to the rates specified in para 11 of the proceedings alluded to. The Chital Dong Municipality as usual remitted whole of the Mohaturfa collections and the whole collections of New Municipal House tax, but it was not the case with the other two Municipalities which paid half of the above taxes to the Imperial Treasury. Thus, the realizations under this Head were Rs 1646-9-5.

Municipal House tax

Inchaluffa

5. The whole collections of Inchaluffa of the Chitaldroog town and the minor collections of Harihur and Davengere since November last amounted to Rs 2641-12-5 against Rs 2034-7-4 of the last year for the town of Chitaldroog alone.

6. In addition to the usual number of articles, some of the articles mentioned in para 22 of the above proceedings, with modified rates in some cases, were subjected to the levy of Octroi duty. Tax on piece goods was also introduced into the minor towns of Davengere and Harihur. Thus Rs 2382-1-3 were collected against Rs 1862-6-7 of the last year; the increase being evidently both in additional articles and in piece goods.

oil seeds
timber
metals
cocoanuts
fresh & dry
piece goods in
Harihur & Davengere

Octroi collections

7. This Head includes, transfers, sale proceeds of stray cattle, fines and other miscellaneous items. The receipts under these items were Rs 885-10-8 against Rs 409-3-7 of the last year. The increase of Rs 476-7-1 was due chiefly to the transfer of deposits

Miscellaneous

of sale proceeds of waste lands

8. The total expenditure incurred during the year amounted to Rs 7568-6-2 against Rs 8488-7-1 and the decrease was attributable to a large extent to the small outlay on public Works.

9. The charges of the Establishment were Rs 6380-14-8 against Rs 6487-14 and require no explanation as the difference is very small.

10. The following were the original Works executed during the year.

Chitaldroog. { 1. Construction of Drains 436-7-10.
2. Construction of Dust Bores. 100-4-4

Total 536-7-10.

Davengere { 1. Construction of Latrines 200-4-4
2. Construction of Dust Bores 100-4-4

300-4-4

Grand total 836-7-10

11. A reward of annas 4 was paid by the Chitaldroog Municipality for the distruction of a cobra within the Municipal limits. No expenditure was incurred in the other two towns for distroying Cobras.

12. A system of petty conservancy was in force during the year in the

Marginally.

Pavagada
Chellatare
Molcalmooroo
Hoolejar.

marginally noted towns; the inhabitants of which kept it alive by paying contributions. The cash balance of Rs 191-7-4, the proceeds of Pounds Sheds within the towns, and the contributions amounted to Rs 885-14-4 out of which 674-1-8 were spent for maintaining Establishment, leaving a balance of Rs 211-12-8 at the close of the year under report, at the credit of these conservancies as follows:-

	Rs	ans	ps.
1 Hosdroog	21	3	3

28-6-80

Bangalore,

From

The President,

Cantonment Municipal Commission

Bangalore.

To

The Secretary to the

Chief Commissioner of Mysore.

Revenue Department

Sir,

I have the honor to submit the brief Administration Report of the Cantonment Municipal Commission together with the Annual Accounts for the official year 1879-80.

Copies of the Annual Accounts have also been furnished to the Deputy Accountant General as per instructions conveyed in Chief Commissioner's Proceedings No 2186/167 dated 29 December 1876.

I have the honor to be

Sir

Your most obedient Servant

President

A Brief Report of the working of the Cantonment Municipal Commission together with statistical Returns Connected therewith for the official year Ending 1879-80.

The Administration of the Cantonment Municipality is Conducted under the Bangalore Municipal Regulations of 1871 and the Municipal Commission Constituted under these Regulations and Charged with its management Consists of a President 13 District Commissioners and 6 Ex: officio Members all of whom are appointed by Government and not elected by the Rate-payers.

~~Regulations in force.~~

The Budget Estimate of Receipts for the year as at first Estimated anticipated and Receipts approved by Govern-ment in Proceedings No $\frac{3830\ 39}{\text{Rec } 3\text{ to } 5}$ dated 17 March 1879 including a balance of Rupees 4000/- Cal. related to be carried over from previous year amounted to Rupees 128,849/- which has been further supplemented during the year by Rupees 11,600/ thus raising the total Esti-mated receipts for the year under report to Rs 140,449.

The items comprising the additional grant are as follows —

	Difference
III Tax on professions and Trades - Collection of Liquor Licence fees Corrected from Rupees 21,099 to Rupees 21,899 as ordered in Chief Commis-sioners Proceedings No. $\frac{4064\text{-}65}{\text{Rec } 359}$ dated 28 March 1879	800

Increase

XIII Transfers and Contributions from Rs. 8200, to Rs 16,000, being an increase of Rupees 7,800, sanctioned for repairing Suburban Roads as per D. P. W. Secretariat No. $\frac{527}{27}$ and 5098 dated 15th February 1879 and 23rd December 1879 respectively ——— 7,800,

Modification of Budget Grants under head House Assessment as sanctioned in Chief Commissioner's Order No. $\frac{5098\cdot9}{\text{Misc } 253}$ dated 31st December 1879 ——— 3000,

Total Rupees: 11,600,

The actual Receipts from the General Sources as shewn in Statement No: I including a balance of Rupees 8,979 " 13 " 5 carried over from the previous year amounted to Rupees 134,738 " 1 " 3 or Rupees 5710 " 14 " 9 short of the anticipated receipts

The decrease under head Octroi notwithstanding the Increase of a Moiety of the Collection of duty on Dry and Green Cocoanuts is as Rupees 1400 which is attributed to the diminished Collection of Octroi duties on Tobacco and Betel Leaves and the abolition of the duty on Arecanuts ordered in Chief Commissioners Proceedings No. 6916 / 1879 dated 24th December 1879

Under head House Tax a falling off of Rupees 3000/- is shewn as Contrasted with Budget Estimates but the Actual outstanding balance on the 31st March 1880 as per House Registers since prepared by the Collector of Municipal Taxes including heavier arrears is

Rupees

Rupees 7626 " 3 " 9 it is satisfactory
however to note that a large
portion of the previous years
arrears have been Collected
during the year but great
difficulty is experienced in
clearing out the arrears of
1878-79 as a large amount of
House Assessment is asser
tained to be due from the
poorer classes who were
incapable from the effects of
the late Famine to pay
their Taxes of which however
a sum of Rupees 2558 " 14 " 9
has since been realized. The
Collector is now preparing a
list of outstanding balances
by Divisions when the same
has been Completed the Com-
missioners will be in a
position

decade

items can fairly be deemed as recoverable and what may be recommended to be struck off.

The falling off under head License Fees is due to the decreased sale of Beer and to the relinquishment during the year of Beer Sellers Licenses Consequent on the Enhanced rate of duty on Beer, this rate has now under the authority of the Chief Commissioner as Conveyed in his Proceedings No. 6377-78 / Rev 1113 dated 27 February 1880 been reduced to 2 Annas per Gallon, Many of the old License holders have now resumed their Licenses and it is hoped that the receipts under this

head

head for the present year will now fully reach the limit of previous years.

The Revenue of Land within Municipal Limits for 1878-79 has not as yet been made over to the Municipality by the Deputy Commissioner to admit of its being shewn in the accounts of Receipts for the year under report.

The falling off and increase under several other Minor heads call for no special remark.

The subjoined Table exhibits the Income derived from Taxes authorized by the Regulations

I. Tax on Tobacco, Betel nuts and Betel Leaves, Dry and Green Cocoanuts, and Building Materials.

II Tax on Houses, Building and Lands.

III Liquor License fees

IV Miscellaneous items viz. Rent of Market Stalls, Fees from Cattle Pounds &c as particularised on appendix I and the ratio Each bears on total population of 8,176

Taxes	Amount Incidence per head of Population
I, $\frac{2}{3}$rds Share of Octroi on Tobacco, Betel nuts, Betel Leaves Dry and Green Cocoanuts and Building Materials ——— 41,234.12.0	" — 8 — 6
II, Tax on houses, buildings and Lands including Mohadurga Tax ——— 33023 " 1 " 0	" — 6 — 4
III, Tax on Preparations and Trades & Collection of Liquor License fees ——— 18634 " 10 " 8	" — 3 — 1
IV, Miscellaneous including Fines, Rents of Houses Gardens and Markets ——— 16858 " 13 " 4	" — — 3 — 6
V, Grants in aid from Provincial Fund ——— 16006 " 14 " 10	" 3 — 4
Total Rupees 125758 " 3 " 10	1 — 9 — 11

A sum of Rupees 1521.10.10 has been realized during the year by sale of waste sites and the total Funded Capital under this head Exchange of Rupees 2500/- refunded to the Government Treasury as per instructions Conveyed in Chief Commissioner's Proceedings No: 1633/21 dated 17th May 1879 on account of the sale proceeds of the Lazar Chaunday in the Cantonment now amounts to Rupees 25993.5.8

Revenue & Expenditure.

The total Expenditure under the several items as shewn in the subjoined table amounts to Rupees 133172.5.11 leaving a balance of Rupees 1665.11.8 to be carried to the Credit of the Ensuing year.

A detailed and Classified statement of the Expenditure is given in Forms Band C

Head Office	8955	12	10	6.3
Collections	11597	2	5	8.6
Conservancy	19602	7	0	14.8
One Third Cost of Police Charges	20,101	0	0	15.1
Registration of Births & Deaths	1122	2	0	0.8
Lighting	7991	7	3	6.0
Public Works				
Construction and Maintenance of Roads including the Cost of Establishment for Supervision	34690	6	8	26.0
Watering Roads and Plants	1131	0	0	0.9

Buildings	6797	7	3	5.1
Miscellaneous Improvements	3532	14	11	2.8
Sanitary and Charitable Establishments	1280	0	0	0.9
Miscellaneous Charges	7301	5	0	5.5
Total Rupees	133172	15	11	

Original Works.

The total Expenditure under this head as will be seen from statement B amounted to Rupees 15,711 15 8 and the general Works Carried out have

Consisted

consisted chiefly in the construction of drains in localities where they were urgently required. The opening out of streets in crowded localities and other minor sanitary improvements.

B. Roads

A sum of Rupees 2019.13.4 has been expended in opening out Streets and Lanes and the only large work under this head calling for remark is the construction of a Bridge on Sannoy Road, the Cost of which was Rupees 1205.3.6 the old bridge was found to be unsafe from a portion of it having been washed away during the heavy rains, the bridge the plan of which was duly approved of by the Executive Engineer, Bangalore Division

been sold by and also
Constructed.

F Drains

A sum of Rupees 6432 " 6. 4
has been expended under this
head in the Construction of
13,974 running feet of V section
drains and 1800 running feet
of Box drains.

G. Wells

A sum of Rupees 588 has
been expended under this head
in final adjustment of the
Contractor's account for the
Construction of Wells on Broad
way road and Cleveland Lands
which were Completed last
year but remained unpaid
for want of Funds.

H Markets

A sum of Rupees 858 " 7. 2
has been expended in the Con-
-struction of Mutton Vendors
Stalls at Bezwada in lieu of a

line of unoccupied stalls formerly belonging to the Municipal Butchers, as also in providing Beef and Vegetable stalls at Gungamma Chowry in which latter place the want of these stalls was greatly felt

J. Lawn Bungalow.

The tiled roof of slaughter Houses was found unsuitable as it was subjected to Constant repairs by the displacement & breakage of tiles by the Crows and Kites. A terraced roof has now been provided at an outlay of Rupees 1198.13.7 A sum of Rupees 1793.8.6 has been Expended in the Construction of Latrines in the Cantonment.

Compensation.

A sum of Rupees 1080.15.7 has been expended in the purchase

opening and Drains and for other Sanitary Improvements.

Repairs

A sum of Rupees 28652.4.2 has been Expended under this head in Carrying out special Repairs and in the upkeep of 75 Miles of Roads and Streets in the Cantonment and 28 Miles of Thanah Roads for which latter a grant in aid of Rupees 16000/- was allowed from the Public Works Budget A sum of Rupees 3108.14.11 has been Expended in whitewashing and other Annual Repairs for Markets, Latrines, Slaughter Houses and Bandy Stands in the Cantonment.

Lighting.

The total Number of Lamps in the Cantonment are at present 361 and the charge of

lighting

lighting during the year was Rupees 7685 " 13 " 3 against Rupees 7480 " 6 " 8 in the previous year. The Lamps in the Cantonment have also been painted during the year at a Cost of Rupees 305 " 10 " 0.

Mortuary Returns.

The total number of Deaths registered in the Cantonment during the year was 1405 against 1616 in the previous year bearing a ratio of 18.0 per mille of population.

Sir,

I have the honor to submit the following report on the administration of the Municipalities of this District for 1879-80.

2 The number of Municipalities was 8, the same as in 1878-9.

3 The cash balance at the beginning of the year was Rs. 17083-1-11 and the income was Rs. 23,850-9-4½ making a total of Rupees 40,933-11-3½.

I Receipts.

4. The income for 1879-80 under the several heads as compared with that of 1878-9 is shown below:-

Heads	1878-79			1879-80			Increase			Decrease		
I Octroi	8237	6	9	9464	4	10½	1226	14	1½			
II House-tax	5667	8	10	10902		1	112	4	6			
III Mohatarfa	5122	2	9									
IV Fines & Miscellaneous	1382	11	7	3484	4	5	2101	8	10			
Total	20409	13	11	23850	9	4½	3440	11	5½			

* Including the balances of the old Municipal tax carried during the year.

fresh and dry cocoanuts were paying the Sáyar, besides an octroi in some of the Municipalities - the Sáyar duty on these goods leviable at the places of production was abolished and a combined duty of Sáyar and octroi imposed on such of them as are brought for consumption in Municipal towns, the proceeds being equally shared between the Imperial and the Municipal revenues. Supari which pays a high assessment on the land as well as the Sáyar duty, and the Mysore manufactured cloth of which the makers pay the Imperial loom-tax, were altogether exempted from octroi, while the sea-imported piecegoods which were not paying any octroi hitherto were subjected to it, and to this cause the increase of Rs 1226-14-1/2 under octroi is mainly due.

6. The accompanying table shows the articles and the rates of octroi thereon up to the close of October last, and the same from November, when the above mentioned re-adjustments was introduced.

7. In addition to the Mohatarfa house-tax credited to the Imperial revenue, another tax on houses for Municipal purposes used to be levied, the double tax bearing heavily on the inhabitants. The Chief Commissioner was pleased to substitute therefor uniform rates of house-tax to be levied in Municipal towns on all houses without exemption, and to allot one-half of the revenue therefrom and of the Mohatarfa to be levied without any exemption on shops, looms, oil-mills and carts. The Mohatarfa of the minor towns was hitherto credited wholly to Imperial revenue. In the town of Shimoga, the whole of the aforesaid revenue is credited to the Municipal Funds, subject to the maintenance of the Town Police.

8 The statement called for in the Chief Commrs Proceedings No. 5816-27 dated 2d. February 1880 and

be omitted separately shows the old and new rates of house and other taxes.

9. The following table shews the revenue from the tax as imposed according to the new rules, as compared with that realizable if the old System had been in force.

Head	Jamábandi if made under the old System	Actual Jamábandi according to the new System	Increase	Decrease
Shimoga Municipality	Municipal House tax 2122 10 a Mohatarfa House tax 2336 8 a 4458 2 a	New House tax 3394 8 a	a a a a	1064 10 a
	Mohatarfa on Shops & professions 2335 a a	3322 a a	987 a a a	a a
	a on Mills 74 a a	74 a a	a a a	a a
	a on carts 246 a a	344 a a	98 a a	a a
	7114 2 a	7134 8 a	1085 a a	1064 10 a
Other Municipalities	Municipal house tax 3063 7 a Mohatarfa house tax 4823 a a 7886 7 a	New house tax 2868 a a	a a a a	5018 7 a
	a on Shops & profession 2744 a a	2967 a a	223 a a	a a a
	a a Looms 107 a a	107 a a	a a a	a a a
	a a Mills 156 a a	156 a a	a a a	a a a
	a a Carts 438 a a	936 a a	498 a a	a a a
	11331 7 a	7034 a a	721 a a	5018 7 a

10. It will be seen that the new rules have reduced the incidence of taxation on houses in the Municipal towns considerably, while the amount of tax on shops and professions has somewhat risen, in consequence of potters, vegetable sellers victual sellers, tailors, goldsmiths and blacksmiths who used to pay formerly the Mohatarfa house-tax, plus the Municipal house-tax, having now been charged with a trade or profession tax, in addition to the new house-tax. The Chief Commr's order No. 5816-27 dated 2nd February last protects the exemption Rule 286 of the petty artizans from the trade or profession tax. The Jamábandi of several Talúks having been completed before the receipt thereof, it was not possible to carry it into effect in all the Talúks but will be enforced this year.

11. The cart-tax has increased from being levied on all carts, inclusive of the hitherto-exempted carts of ryots, coaches &c. -

which was the amount of the Unpleased house-tax, so that these towns have derived a small increase of revenue by the new arrangements

13. The new system has not yet been brought into force in the Town of Tirthahalli, pending decision on the claim of the Rāmeshwara temple to the Inchatarfa collected in it.

14. A sum of Rs 1017-12-4 being the sale proceeds of building sites held in deposit for several years last up to 31st August 1879 was credited to the Municipal funds, as directed in the Chief Commr's Proceedings No. 3302-13/156 dated 25th September 79. Hence the increase under the head "Miscellaneous".

15. The outstanding balance of the Municipal revenue on the 31st March 1880, the amounts collected in April and May/80, and the balance which remained on 31st May, are shewn below:-

No.	Municipalities-	Balance on 31st March 1880			Collected in April & May 1880			Balance on 31st May 1880		
1	Shemoga-	5540	3	9	4323	14	-	1216	5	9
2	Chennagiri-	116	-	2	40	5	-	75	11	2
3	Honnali-	322	7	-	169	2	3	163	4	9
4	Nyāmti-									
5	Shikaripur-	199	10	7	62	2	-	137	8	7
6	Sorab-	22	15	4	-	-	-	22	15	4
7	Sāgar-	43	11	-	23	2	-	20	9	-
8	Tirthahalli-	455	8	-	87	14	-	367	10	-
	Total Rs	6710	7	10	4706	7	3	2004	-	7

II Expenditure.

16 The expenditure for the year amounted to Rs. 17771-9-1 against Rs 18088-12-4 shewing a decrease of Rs. 317-3-3, but the Budget grant was Rs 18,903 against Rs 21983.

17. The amounts spent out of the Budget allotment in all the towns are shewn below.-

No	Towns	Budget Grant			Expenditure		
1	Shimoga.	12,630	0	0	12050	10	4
2	Channagiri.	877	0	0	784	10	7

343 - 13 - 0

Total Rupees. 3478 - 7 - 8

1(61). Avenue trees.

19. No avenue trees were planted during the year, and their want was not felt in the minor municipalities. In the Shimoga town, trees have been planted and are kept up

up along the roads where they were necessary.

2. - Disposal of refuse.

20 The refuse is deposited outside the towns and sold annually in those towns where there is a demand for this kind of manure. As a rule, however, it is not sought for by the agriculturists of these parts. At Shimoga, there are several large pits which are gradually filled with the sweepings with a layer of earth on the top.

21 There are 8 public latrines at Shimoga and 2 at Shikaripur, but none in the other towns, as they were not found necessary there.

3. - Epidemic diseases.

22 All the Municipal towns were free from cholera or other epidemic this year.

23. Shimoga - Tunga river - also a few fresh water wells.
Chennagiri - Tank and fresh water wells.
Honnali - Tungabhadra river.
Nyamti - A tank - also a nalla at some distance from the town.
Shikaripur - A tank, of which the water gets unwholesome & foul in hot weather - also the Gubbur river about a mile from the town.
Sorab - Fresh water wells, and a rivulet close to the town.
Sagar - Numerous fresh water wells. also the Varda river.
Shikarpur - Tunga river - also fresh water wells.

Excepting the wells, the sources of water supply are not of the purest, but the construction of any water works is under present financial circumstances entirely out of the question.

unhealthy, and the town suffers much annually from chronic drought - The Local Fund Committee have sanctioned the sinking of 2 wells for drinking water, and the work is in the hands of the Executive Engineer.

5 - Drainage.

24 Of streets - They are on the whole well drained - V drains have been constructed, and are under construction in the principal streets of Shimoga and Tirthahalli - The other towns also have pretty good drains, made in the ground, and stone drains are only attempted here and there on a small scale as funds permit.

- Of houses - It cannot be concealed that this is very unsatisfactory - Without proper laws, it is not possible to enforce a system of house drainage, and the closing of the cess-pools &c. Much nearer the town - atmosphere so unwholesome.

6 - General health & sanitation.

25. The general health of the people, and the sanitary condition of the towns were on the whole satisfactory.

26. The following table shews the number of snakes and dogs killed & the rewards paid in all the towns during the year.

No	Towns	Cobras	Other snakes	Dogs	Amount.		
1.	Shimoga	73	13	2	40	0	0
2.	Chennagiri	8	5	-	5	4	0
3.	Honnáli.	0	1	0	0	4	0
4.	Nyámti.	3	5	0	2	10	0
5.	Shikáripur.	5	0	0	2	8	0
6.	Sorab ___	2	0	0	1	0	0
7.	Ságar ___	8	11	1	6	12	0
8.	Tirthahalli ___	1	1	0	0	10	0
	Total ___	100	36	3	59	0	0

the Grant of rewards has given a stimulus. inspectors in Shimoga to the destruction of snakes, and a reappropriation of funds has been necessitated for the purpose. In the other towns, the Amildars have been exhorted to try their best to extirpate the venomous snakes

27. Under the head "Conservancy" the services of the peons of the minor towns were dispensed with from October 79, and under "Head Office" the pay of the Municipal Clerk of the District Office, which used to be debited to the Shimoga Town was reduced from 1st October 79 from 30 Rs. to Rs. 25 of which Rs. 10 is debited to the Shimoga Town and Rs. 15 to the minor towns. The post of the Municipal Amanata of the District Office on Rs. 15, charged to the minor towns, was also abolished from that date.

I have the honor to be,
Sir,
Your most obedient servant,
W. Narasimmiengar,
Deputy Commissioner
Shimoga District

and the rates of octroi thereon up to 1879.

General No. 164
Mc No. 745 } 1880—80.

Submits Municipal Administration Report of the Rundu Dt. for 1879 80

Kudur Dt. Dy Comrs Office,
Cuddapah, 8th July 1880.

The Rev. Secretary to the
Chief Commissioner,

Sir,

I have the honor to submit my report on the Municipal Administration of the District, for the past year 1879-80

2. In this year the separate tax on houses, imposed in Municipal Towns for Municipal purposes, called "Kachara Tirugay", was abolished under the orders of the Chief Commissioner conveyed in his Proceedings, No $\frac{336 \text{ Z. } 73}{\text{Rd } 161}$ dated 27th September 1879, which at the same time transferred the Mohatarfa Revenue of the towns to the Municipalities on the proviso that a moiety of the collections should be paid annually to the Imperial Revenues. But it should be remembered that at Chickmanglur the Municipality has had long since the Mohatarfa Revenue made over to it in consideration of the Municipality defraying the cost of the Town Police and the Town School Establishments.

of the Excel Commissioners,

conveyed in the proceedings above quoted, the Mohatsufa house-tax in the Municipal Towns has been assessed on the value of the houses instead of with reference to the old Mohatsufa Classification and without regard to the personal exemptions granted under the general Mohatsufa rules in favor of particular classes and professions.

4. The other event of the year to be noted here, is that from the 1st of November 1879, the tax on Salut on cocoanuts, dry and fresh, and betel leaves being abolished in the Municipal Towns as elsewhere in the Province, the Municipalities have been directed to pay a moiety of the octroi duties collected by them upon those articles to the Imperial Revenues. Similarly, from the 1st January 1880, the tax on Salut on tobacco being abolished an increased rate of octroi duty of one Rupee per maund is being levied on this article, instead of the rate of 12 annas the maund and a moiety of the proceeds is being paid

to the Imperial Revenue, as per orders of the Chief Commissioner, dated the 24 December 1879, No 4914-25. "Rev" 243

5. The octroi duty on Supari was abolished from the 1st November 1879 — see the Chief Commissioner's proceedings last quoted.

6. The above alterations left the revenue derived in the Municipalities in the District during the year at Rs 27,953. 8. 10, against Rs 19,004. 7. 11 in the previous year, giving a net increase of Rs 8,949. 0. 11, as may be seen from the following table —

Items of Revenue	Amount		
Sale proceeds and fines of cattle	1516	14	2
Sale of manure	254	5	3
Octroi duty	7320	7	9
Municipal house-tax	2154	3	11
Mohatarfa	8342	2	-
Fines for nuisance	6	6	4
Savings for bett & other charges	3884	5	8
Cost for feeding cattle in pounds	239	11	3
Schooling fees	581	7	0
Sale of skins	0	3	6
Sale proceeds of building sites	3527	12	0
Miscellaneous	70	10	-
Total	27953	8	10
Previous years outstandings	1671	10	4
Grand Total	29625	3	2
Deduct	23054	13	2
Collections. 22630-12-8			
Remissions 424-a-6			
Total 23054-13-2			
Balance outstanding	6570	6	a

income

into "direct" and indirect" taxation will appear as follows.

Heads	Amount		
Income from direct taxation, viz, Octroi duty, Inhabitants and Municipal House-tax	17866	13	8
Income from other sources	10086	11	2
Total	27953	8	10

8. The following statement exhibits a comparison of the incidence of the income from direct taxation per head of population in each Municipality

Towns	Population in 1879-80	1878-79 Amount			1879-80 Amount			Rate of incidence per head Increase			Decrease		
				Incidence per head			Incidence per head						
Chuchuraghur	6354	11606	6	10	12010	2	1	1	4	3	-	3	3
Konnagar	4827	1542	13	-	1922	11	8	-	6	4	-	1	-

Kotrung	2261	742	12	5									
Bansberia	1786	471	3	9									
Hoogly Chinsurah	1420	779	4	11	978	6	2	0	11	0	-	2	11
Total	20213	16064	14	8	17866	13	8	-	14	2	-	1	10

9 The incidence of the Octroi duty only per head of the population of each town is given below –

Names of Towns	Population in 1879-80	1878-79 Amount	1878-79 Incidence per head	1879-80 Amount	1879-80 Incidence per head	Difference of incidence per head Increase	Difference of incidence per head Decrease
Chidrumgloor	6354	6600 12 6	- 15 4	6354 11 7	1 - -	- - 8	- - -
Jamikere	4827	544 3 4	- 1 11	408 - 6	- 1 4	- - -	- - 7
Beeroor	3565	186 3 8	- - 11	109 1 4	- - 6	- - -	- - 5
Kudur	2261	170 10 2	- 1 3	80 3 7	- - 7	- - -	- - 8
Banawar	1786	- - -	- - -	14 12 1	- - 2	- - 2	- - -
Yedahully	1420	462 15 2	- 5 -	353 10 8	- 4 -	- - -	- 1 -
Total	20213	7984 13 3	- 6 2	7320 7 9	- 5 10	- - -	- - 4

10. It will be observed that the highest rate were Rs 1-0-0 per head at Chidrumgloor.

11. The collections during the year were as follows —

Items	1879-80.		
Sale proceeds of fines of cattle	✓ 1510	15	10
do. of manure	✓ 254	5	3
Octroi duty	✓ 7338	13	3
Municipal house tax	✓ 3093	-	3
Profession tax	✓ 2155	9	4
Fines for nuisance	5	14	4
Savings for Bath charges	✓ 3	12	-
Cost for feeding cattle in pounds	✓ 246	1	7
Schooling fees	✓ 581	7	-
Sale of skin	✓ -	3	6
Miscellaneous	✓ 3695	4	9
Total	18885	7	1
Balance of Imprests	3847	5	7
Grand Total	22732	12	8
Deduct Transfer	102	-	-
Total actual collections	22630	12	8

by Annas in all the Municipalities.

13. The head "Miscellaneous" includes a sum of Rs 35-27.12.0, being the amount in deposit in the accounts of previous years on the sale proceeds of building sites, which was transferred from "Deposit" to "Municipal Funds" under orders conveyed in Chief Commissioner's proceedings, No $\frac{3954-62}{\text{Jul } 198}$, d/27th October 1879

14. The expenditure in all the Municipalities during the year under report is exhibited in the following statement II

Items of expenditure	Amount		
Establishment			
Collection	900	6	5
Head Office charges	459	8	11
Police	1397	15	4
Conservancy	5811	-	5
Lighting	384	4	-
Total	8953	2	2
Original works	402	10	2
Repairs	1460	13	5
Education (Chief Kunghun School)	2616	2	7
Miscellaneous	831	1	4
Grand Total	16263	13	8

15. There was a net decrease of Rs. 3524.9.10 in the expenditure, due mainly to the non-receipt of sanction to the budget submitted for the Chickmunglur Municipality last year the consequence being that no expenditures could be incurred under Original works. The small outlay of Rs 402.10.2 shown on Original works was for dust-bins in Tarikere, and materials for the bandy-stand at Beeroor.

16. The Annual Statements in numbers are henewith submitted.

I have the honor to be,

---

increase 7487-14-9

3- It will be observed Mohaturpa that with the exception of fines there is an increase in all the items comprising the Municipal Revenue of the year under report. This result is chiefly owing to

the working of the instructions issued by the Local Government for the improvement of the Municipalities viz (a). The crediting of deposits on account of sale proceeds of building sites not exceeding Rs 100 for each item; (b) The classification of Grohatupa rates on houses and the universal application of the same to the houses of all without distinction of sect or caste. (c) The transfer of a moiety of the entire collections on Grohatupa taxes and Octroi to the Municipality.

4- There is a decrease under the head of fines; but it is merely nominal, and is owing to wrong items having been included under that head in the accounts for 1878/79.

5- The incidence of

the District was Rs. —2—10 per head against Rs 1—5—" of the previous year.

6. The following statement exhibits the expenditure incurred in the several Municipalities during the year under Report.

Subject	Estimated for sanctioned Budget and Appropriation subsequently sanctioned			Actual expenditure			Difference Increase			Difference Decrease			
Charges for collection	196	"	"	117	"	11	"	"	"	78	15	1	*
Head Office charges	180	"	"	180	"	"	"	"	"	"	"	"	
Original works	2455	7	"	1607	7	3	"	"	"	847	15	9	
Repairs	693	"	"	572	7	8	"	"	"	120	8	4	
Conservancy	2643	"	"	2513	1	"	"	"	"	129	15	"	
Miscellaneous	127	"	"	139	10	2	12	10	2	"	"	"	
Total	6294	7	"	5129	11	"	12	10	2	1177	6	2	

* Owing to the adoption of Commutation on Moharrir's collections as per Lascar's return.

Net decrease 1164—12—"

7. The original works consisted of the erection of a parapet wall to the well in the Fort &c.

Udupi, the opening of a new road at Kaukanbelli, and the construction of drains in the several Municipalities. Of the total estimate of Rs 2,455-7-" for these works, only Rs 1,607-7-3 were expended from the following allotments -

I. Budget allotment — 908-15-3
II. Sale proceeds of building sites — 516-8-"
III. Under special sanction from Municipal funds — 182-"-"

Total 1,607-7-3

With the exception of some drains still in progress, the rest of the works were completed before the close of the year. It may also be added that the drain work sanctioned for the Channapatna Municipality was not undertaken during the year, in consequence of the estimate for the same being disapproved

- sequently been Requested to prepare a fresh estimate, and on receipt of the same, the necessary sanction will be obtained, and the work commenced this year (1880/81)-

8- The roads in all Municipalities, with the exception of those in Kenjore, Yellahanka Lands, Vadagamhully were Repaired, as also the Channel close to the "Kalyani" at Kankanhully - The money spent was from the funds as per margin-

From Budget allotment	Rs 530-4-8
Sale proceeds of Cultivigated Lands	19 " "
Under special sanction from Municipal Fund	23 " "
Total -	572-4-8

9- Expenditure to the full amounts sanctioned for Conservancy Charges viz Rs 2,643 could not be incurred during the year, partly for want of Realizations in the town of Domsandra in the Anekal Taluk, and partly to the entertainment of the newly sanctioned additional

Conservancy establishment for the Koskote and Kankanhalli Towns, having been given effect to in the 2nd half of the year. The amount thus saved from the allotments is Rs 129-15-11-10-

The only remaining item of expenditure is that of rewards for the destruction of snakes from Municipal funds under the orders of the Local Government; this amounted to Rs 66-11-11 during the year-

Sanitation- 11. Vide paras from 217 to 221 of the Revenue Administration Report for the year.

Submits the annual Municipal report of the Town of Hassan together with the annual returns for the year 1879-80

19.7.80

Municipal Board office
Hassan. 15th July 1880.

To,

The Secretary to the
Chief Commissioner of Mysore,
Revenue Department.

Sir,

I have the honor to submit the following report on the working of the Municipality at Hassan for the year 1879-80. together with the annual Returns.

2nd. The affairs of the Municipality were as usual managed by a Board, the Deputy Commissioner being the President ex Officio. Dr. Lincoln the Civil Surgeon was appointed Vice President in January 1880, for the inspection of the town during the absence of the President.

Pramada

Gramada D
nominated a
in January last, vice
Jinaya the Jain
latter whose death
noted in last year's
port. The Board
unfortunate to
another of its
in Narayan Row,
place has not yet
filled up.

3. The present Con
stitution of the
is as under.

1. Deputy Comm. Pres
2. Civil Surgeon - Vice Pres
3. Executive Engineer
4 Amildar ..
5 Hapan Kundhucappa
6. Ghows Mohadin Sheriff
7. Ghulam Mohadin Sahib
8. Bhimanna .....

9. Chenna Kesava Shetty
10. Gangamma
11. Gramada Puttamma

} Non-Official Members

4- Two meetings of the Board were held in the year under report, one in May 1879 and the other in January last. With the proceedings of the latter meeting were submitted the Budget Statements for the current year 1880-81, in reference to which a reply was lately received -.

5- The population of the town of Hassan numbered 5,061 according to the Kaneshumari accounts, against 5,101 of the previous year, as shewn

Shewn in the
classified table
in the fluctuations
during the year with
causes, as far as they
can be traced, are also
shewn -.

No.	Classes	1879-80	1878-79	Increase	Decrease	Remarks explaining variation
1.	Europeans	14	14	"	"	
2	East Indians	10	16	"	6	The decrease is owing to som of this class having left the Sta
3	Native Christians	226	97	129	"	The famine orphans under the charge of the Wesleyan Missionary at Hassan have b added to this Class by Baptism during the year under report hence the increase -.
4	Mahomedans	759	823	"	64	The strength of Mahomedan in the Regiment of Bara stationed at Hassan has be reduced -
5	Jains	225	227	"	2	Calls for no remark.
6	Hindus of all Caste	3,827	3,924	"	97	The decrease is due to deaths and departures from the Station -.

...	1,567 1 10	3,983 7 10	5,550 8 8	3,407 9 10	2,062 14 10

11-. The Municipal revenue has been collected in accordance with the provisions of the recent proceedings of the Chief Commissioner. The house assessment was fixed by Mr. Madaya the Jamabandy officer and revised by Mr. Krishna Murti. The Board have represented the respects in which the new Actron has been found to act injuriously to the interests of trade-.

12-. The financial effect of the new measures is that the Municipality

derives an income
Rs: 3,511-0-0 from the
rates of Mohatiya
whereas the
from this source
the preceding year
Rs: 2,925-0-0, as per
settlement.

The following
Exhibits the various
Comprising this
Compared with those
of the previous year.

Items	1879-80	1878-79	Increase	Decrease	Remarks explaining variation
House tax	2,192 0 0	2,037 0 0	155 0 0		This increase is the result of the new scheme of taxation
Shop tax	1,035 0 0	718 0 0	317 0 0		Do Do
Loom tax	40 0 0	60 0 0		20 0 0	The decrease is due to the revised system of taxation recently introduced by which the tax on looms has been reduced from Rs: 4 to Rs: 2 per loom in consideration of the house and shop taxes being levied separately.
Oil Mill tax	56 0 0	40 0 0	16 0 0		An addition of 4 new Mills is the cause of this increase
Cart tax	188 0 0	70 0 0	118 0 0		The tax being levied on carts during the year, kept for private use or purposes of trade, for this increase.
Total	3,511 0 0	2,925 0 0	606 0 0	20 0 0	
Net increase			586 0 0		

13-. The actual receipts from the various items of taxation are shewn in the annexed table with remarks as to causes of variations-

Items	1879 80	1878 79	Increase	Decrease	Remarks.
Petroi.	1874 3 2	820 13 2	1,053 6 "	" "	This increase is not only due to the revival of trade in piece goods and Tobacco in which there was a falling off in the year 1878 Caused by the Famine, but also to the imposition of this duty on additional articles since December 1879.
House tax.	1,161 3 6	2,554 3 "	" "	1,392 15 6	The decrease in the receipts from these items may be attributed to the late Settlement of the taxes
Hosp tax...	474 9 6	1,018 13 4	" "	544 3 10	
Room tax 43-- ..	82 12 "	117 " "	" "	44 4 "	
Oil Mill -.- 39-12-					
Cart tax.	29 " "	99 8 "	" "	70 8 "	
Miscellaneous.	361 11 8	175 9 "	186 2 8	" "	The increase is mainly owing to the sale to the Jail of a Latrine for Rs 164
Total	3,983 7 10	4,785 14 6	1,239 8 8	2,051 15 4	
Net decrease	. . .	812 6 8			

14-. The revenue derived from Piece goods and Tobacco was as noted below.

	1879-80.	1878-79.	Increase
Piece goods	1,271-15-11	656-15-10.	614-15-2 a-
Tobacco	450-14-11	163-13-4.	287-1-1 a-
	1,722-13-11.	820-13-2.	902-a-3 a-

15- These are the on articles on which oct has hitherto been rece but the duty was enha ed also with effect the 1st December last to the undermentione articles under the recen orders of the Chief Comm The result is shewn belo

Class I. Articles of food.

1 Sugar	8-a-
2. Jaggory	16-9-
3. Cocoanut, fresh	7-4-
4 — Do. — Dry	3-11.
5. Betel leaves	41-1-

" -II Animals for slaughter. 6. Sheep and goats &c. 58-a.

" -III. Articles used for lighting

7. Oil	6-a
8. Oil seed	7-1

IV	Articles used in the Construction of buildings.	9. Timber. Teak and blackwood..	" — " —
		10. — Do — of other kinds	" — " —
		11. Cement...	" — " —
VII	Piece goods &c.	12. Piece goods imported by sea..	" — " —
VIII.	Metals and Articles of Metals.	13. Metals.....	2 — 14 —
			151 — 5 —
		Add increase in the revenue from Piece goods & Tobacco.	902 — " — 3
			1,053 — 5 — 6

Thus it will be seen that the adoption of the new measures was favorable to the Municipality. The financial effect of the new scheme will however be far more favorable this year (1880-81), as the results will be for the whole year.

16. Notwithstanding that the revised scheme of

of taxation was favour
to Mokatirya, and a
decrease of Rs: 2,051-15
Compared with
revenue of the year
1878-79, is observable
from the above state
ment of receipts und
this head in the yea
under review. This,
already explained, is
to the late settlement
of the taxation--.

17--. The amount Rs: 361-1
against "Miscellaneou
is made up of the follo
wing items--.

	R. A
(1) Cattle pound realiza tions.	125-15-
(2) Fines	21-9
(3) Manure	24-0-
(4) Amrayi	15-4-
(5) Sale of grass . .	10-6-
(6) Sale of Municipal latrine to the jail	164-0-
	361-11-

18–. The percentage of taxation per head of population was a-12-7, which cannot be regarded as excessive –.

19–. There was no change in the establishments connected with the Municipality. The details of their strength and cost are as under –.

I Head office Establishment

1. Municipal Overseer at Rs 30 per mensem	360	" "
2. Charges debitable to Deputy Accountant General's Office	54	" "
3. Charges debitable to the Chief Commissioner's Office	36	" "

8. The increase receivable under all the heads requires explanation, as it is the most part the incidence of a new system of taxation which has placed finances of the Municipalities on a satisfactory footing -

9 -. The head "Miscellaneous" includes receipts from cattle pounds, sale of manure sale of building sites, and other similar of a petty nature.

10 -. The total expenditure incurred in the Municipalities the year under aggregated Rs. 1,658-13 against Rs. 1,005 - 6 - 6 in the preceding

leaving a balance of
Rs. 5,417.14.3 at the credit
of the Municipalities,
as particularized here
under..

Serial No 8

1880

From Deputy Commissioner
Sirsilla District

To

Secretary to Chief Commissioner,
Revenue ~~General~~ Department.

Dated Sirsilla 11th August 1880.
Despatched 14
Received

Enclosures No. 1

General. No. 159 } 1880—81.

I has the honor to submit the Municipal Administration Report of this district for the year 1879-80 and to state that the accounts according to the prescribed Forms Nos. I II, III and C. have been forwarded to the Deputy Accountant General.

Deputy Commissioner

16 8 80

Report on the Administration of Municipalities in the Trichinopoly District during the year 1879-80.

---

1. The number of Municipalities in this District namely eleven, remained unchanged during the year under report. A proposal had been submitted to the Chief Commissioner for the abolition of the Municipalities of Hulivurdrug and Turuvekere, but it was not sanctioned.

2. The population of the several Municipalities during the year 1879-80 was 34,126 against 33,562 in the previous year showing

At the close of the year 1878-79 the balance remaining at the credit of the several Municipalities amounted to Rupees 4,386, the collections during the year amounted to Rupees 15,097 making a total of Rupees 19,483 available for expenditure during the year under report.

4. The following table shows the amount collected during the year under review from the several sources of income as compared with that of the year previous.

Items	For 1878-79	For 1879-80
Taxes &c.	2662	3351
_____	190	1144
and collection. Fines and sale proceeds of stray Cattle	392	688
Fines for breach of Municipal rules	45	111
Market rent	29	48
Miscellaneous including sale proceeds of manure	298	117
Hire of Convict labor	2589	373
Loan	32	
Sale proceeds of Building sites	-	6265
Total	6237	15,097

House Tax

5. The increase in House Tax was owing to the introduction during the year of a combined Mohatta and Municipal House Tax in accordance with the instructions conveyed in Chief Commissioners Proceedings No 3362-73 dated 27th September 1879 as per the subjoined table.

Municipalities	Income in 1878-79			Municipal Tax for 1879-80 including other items of Income		
Tumkur	652	-	-	2612		
Bellavi	128	-	-	261		-

Betel leaves	-	76
Cocoanuts dry	-	52
" Fresh	-	111
	190	1144

Cattle Pound realizations.

7. The collection under this head compared with that of the previous year shows an increase of Rupees 296, owing to the improved condition of the Cattle and to more extended cultivation.

Fines

8. The fines realized for

the year under report amounted to Rupees 111 as against Rupees 45 in the previous year.

Market rent.

9. The slight increase of Market rent calls for no remark.

Miscellaneous Sale proceeds of manure

10. The large amount levied in 1878-79 from this source was owing to the sale in that year of the accumulation of several years, and the sale in 1879-80 being only of what had accumulated during the year, there was a decrease of Rupees 181-0-0.

Convict Labor

11. The value of convict labor employed during the year was calculated at Rupees 373 against Rupees

Rupees 2,589 in the pre-
-vious year, the decrease
being due to the fact
that there are very few
Convicts in the Jail at
Sirsi, all those sen-
tenced to above 6 months
having, under recent
orders, to be confined
in the Central Jail at
Bangalore.

Sale proceeds of Building sites.

12. The large increase
under this head was
due to the realizations of
previous years which
were in deposit, being
credited to the several
Municipalities under the
orders of the Chief Com-
-missioner conveyed in
his Proceedings No $\frac{3954}{62}$
dated 27th October 1879.

II Expenditure.

13. The total amount
of expenditure in all
the Municipalities was
Rupees 6,330 against
Rupees 7,044 in the
previous

Table.

Charges on Collection House Tax and Octroi.

14. The charges on account of collections comprising the percentage allowance paid at 5 per cent to Patails and Shanbogues as well as a Peon pay at Limtair for collecting the House Tax and Octroi amounted to Rupees 165, against Rupees 90 in the previous year.

15. The Head Office charge is the allowance paid at Rupees 2 per mensem to the Nagole Goomastah of the Limtair Taluk for keeping the Municipal accounts of the Limtair Town, as well as Rupees 73 for Establishment charges of Huzur Duftar Department and Deputy Accountant General's Office. Rupees 214 shown under this head in the previous year included a bounty of

employed in Hubli-
-dharwar Division Offi-
-ce.

16. The details of the Conservancy Establish-
-ment were as follows.

Conservancy Establishment

Municipality	Scavengers			Carts			labor			Total
Dimkúr	641.	3	1	390	10	9	373	-	-	1404
Bellavi	61	-	-	-	-	-	-	-	-	61

Tiptur	283	7	9	207	6	5	-	-	-	490
Total	1836	1	4	939	9	2	373	-	-	314

17. Under this head only Rupees 383 were spent in the Dimkúr Municipality as sanc-
-tioned in Revenue Se-
-cretary's No 6354 dated Enc. 317
27. February 1880, as per

Public Works

the following particulars

Construction and maintenance of roads	188-"-"
Drainage work	38-"-
Water supply	117-"-
Town buildings	40-"-
	383-"-

18. A sum of Rupees 150 was sanctioned in Revenue Secretary's Ro $\frac{37}{5}$ dated 5th April 1880 for repairing streets &c. at Koratagiri Municipality, but as the work was not completed no payment was made before the close of the year under report.

Miscellaneous

19. The Miscellaneous expenditure comprised the following items.

1. Repayment of debt	500.
2. Interest on Debt.	68.
3. Town Police Establishment	1384

His Highness the Maharajah and the Chief Commissioner — 500.

5. Reward for killing snakes &c. — 53

6. Adjustment of amount overdrawn from Treasury — 32

2537

20. The Jimtán Municipality had borrowed Rupees 1000 in 1877-78. Rupees 500 were repaid in 1878-79 and the remainder with the interest of Rupees 67-10-2 was repaid during the year under report.

21. Rupees 32 which were erroneously overdrawn by the Sira Municipality had been refunded.

22. A sum of Rupees

1384 has been debited to the Limbdi Municipality being the Town Police Establishment charge (vide para 13 of the Chief Commissioner's Proceedings No 3362-73 Jud. 161 dated 27th September 1879)

23. In accordance with the orders of the Chief Commissioner conveyed in Proceedings No 2784-95 Jud. 147 dated 6th September 1879 the following table is appended showing the destruction of snakes within Municipal Limits and the Expenditure on account of rewards for the same -

Municipal Establishment for
the year 1879-80.

Bangalore, 12th August 1880.

From

The President,

Town Municipal Commission, Bangalore.

To

The Secretary to the

Chief Commissioner of Mysore.

Sir,

I have the honor to submit the Administration Report of the Town Municipa for the Official year 1879—80, and beg to sta that the Statistical Returns connected therewith have been duly furnished to the Deputy Accountant Gen. of Mysore

I have the honor to be

Sir,

Your most Obt. Servant

[signature]

President

Town Municipal Commission

A brief Report of the working of the Town Municipality together with the Statistical Returns connected therewith for the Official year 1879--80.

Regulation in force.

The administration of Municipal Affairs has continued to be conducted under the Bangalore Municipal Regulations of 1871 under which the Municipal Commissioner is composed of a President to Distinct and ex-Officio Members all of whom are appointed by the Chief Commissioner. During the year under report, the number of Divisions has been increased from 3 to 5 in view to secure greater efficiency in the Composition of the Board.

Composition the Board.

Municipal receipts.

The estimated receipts for the year were Rupees 71,685 inclusive of an anticipated balance of Rupees 8,000. The actual receipts including a balance of Rupees 5523--12--1 brought over from the previous year amounted to Rupees 67150-6-10 thus showing that the actual receipts fell short of the amount estimated by Rs

of Octroi Collections as well as to a larger than usual balance of outstanding Collections under heads house assessment and a Miscellaneous the greater portion of which will however be made good during the current year.

The subjoined Table exhibits the Income derived from the several taxes authorized by the Regulations and the ratio each bears on the total population

Items of Income	Amount			Incident per head of population		
1/3 Share of Octroi on Tobacco, Betel leaf, and Betel nut, as well as Dry & Green Cocoanuts	21089	6	1	"	5	9
Animals for Slaughter and Tax on Spirits and Toddy	174	7	"	"	"	"
Houses, Buildings, and Lands						
Professions and trades	31133	11	6	"	8	6
Other Miscellaneous	9229	2	2	"	2	6
Total Rupees	61,626	10	9			

The total expenditure for the year as shown in Statement No II and Form C amounted to Rupees 66275—1—4 thus

leaving a balance of Rupees 875 - 5 - 6 to be carried over to the credit of the current year's accounts. The subjoined is a table showing the expenditure under each of the several heads and the ratio each bears to the total expenditure --

Item of expenditure	Amount			Ratio per cent calculated on the total expenditure
Head Office	4963	13	1	8.7
Collection	4772	14	11	8.2
Conservancy	9546	2	3	16.4
Police charges	20905	5	3	35.11
Registration of Births & deaths	375	5	"	.10
Lighting	2522	9	5	4.4
Construction & maintenance of Roads	6366	11	11	10.13
Watering Roads	100	1	"	.2
Drainage measures	5967	2	"	10.3
Buildings	2960	7	"	5.09
Water supply	2143	15	5	3.1
Other Public Works including Gardens	1544	4	1	2.1
Charitable grants	258	4	6	7
Miscellaneous charges including repayment of loan	3818	1	6	6.9
Total Rupees	66275	1	4	

Original

the actual expenditure
amounted to Rupees 9025 8—11 the increase
is due to the expenditure incurred in im-
provements effected to Doomiah's Reservoir
and to the Construction of a Row of Stalls
to the East of the present Vegetable Market
the increased expenditure was Sanctioned
by the Chief Commissioner in Proceedings
No 1879-80/10 and 3358-9 dated 5th August and
29th September 1879 respectively, and was
met from the proceeds of the Sale of the
Municipal Sandy Lands to the Railway
Department, Rupees 5166—12—9 has alone
been spent in supplying V Section Drains
to several of the localities where there
were pressing demands for the same
During the year 16975 Running feet of V
Section Drains have been constructed.
Statement B exhibits the particulars
localities in which the aforesaid Drains
have been Constructed; further
6 Privies and 30 Dust bins have
been Constructed at a Cost of Rupees
443—11—3 in the most convenient
and Suitable localities.

Compensation

The Compensation Award for widening the Melkote lane is not as yet finally settled, the work will however be put on hand in 1882-83, and for which purpose the balance Viz Rupees 1255-11-6 remaining unexpended under this head at the close of the year, has been drawn out and held in deposit while Rupees 741--5--6 have been actually spent in acquiring lands for the Construction of a Fish Market on the Mysore Road and for widening lane in Manandhar Pete &c.

Repairs

The expenditure under this head was Rupees 5559-11-9 or Rupees 59-11-9 more than the estimated Amount of which a Sum of Rupees 3959-5-9 has been expended in the Maintenance of Roads and Rupees 1600-5-6 in Repairing and Re-Constructing Drains with fresh Materials as well as in Repairing under Repair the Town Buildings i.e. Markets Bandy Stands, Ponds, Latrines &c. The purchase of tools &c. is also

Police

The Police charges for the year amounted to Rupees 20905-5-3 against Rupees 20719-11-2 in the previous year or a little more than 1/3rd of the income of the Municipality.

Conservancy

The expenditure under this head amounted to Rupees 954.6-2-3 as Rupees 14-5-13-9 less than the estimated amount of which Sum Rupees 282-5-2 was spent in repairing Conservancy Carts, purchase of tools, baskets, etc and Rupees 40-10-4 disbursed as Rewards towards the destruction of Noxious Animals.

Lighting

The expenditure under this head was Rupees 2522-9-5 against Rupees 1958-12-4 in the previous year.

Miscellaneous

The aggregate expenditure under this

this head during the year Amounted to Rupees 3646—13—6 the most important item included under this head was the refund to the head Funded Capital of Rupees 1465-9-11 being the proceeds of Sales of waste lands &c sold which Amount was subsequently under the Sanction of the Chief Commissioner permitted to be brought in and utilized to the Current expenditure of the year, the balance being on account of Statistics and Mortuary Registration charges Cattle pound, and other Miscellaneous items.

Under head Extraordinary Public Works Rupees 1065 was under the Sanction of the Chief Commissioner expended in part payment towards the Construction of a Row of Stalls to the East of the Pele Vegetable Market and Rupees 576—9—11 on account of the charge for the additional Cadetships for the Municipal Commissioners and the Entertainment of Buffaloes for the Conservancy Department, and the moiety of Salary of the Municipal Engineer

reduced from 6 & 8 annas
annas respectively,
on Teak & blackwoods a
raised from one to two
per Cart load, from 1st
1879. In addition to the a
on the remaining arti
half of the income fro
betel leaves & cocoanuts,
& duty was granted to th
Municipality. The total
amount of duty collecte
on the articles, whose du
was abolished, was Rup
11310-10-2 in the year 1878-
& the amount collected on
same articles up to end o
October 1879, was Rs 7793-1
which shows a decrease
Rs 3517-9-1 plus Rs 2188-10-
effected by the reduction
rates on the articles, mak
a total loss of Rupees 5,706.

for the year 1879/80. However it will be observed that under the head octroi there is an increase of Rs. 27451-6 over the actual income of the year 1878-79. This increase is chiefly owing to the duty collected on Cloths Manufactured in the Madras Presidency during the famine & imported into this Town from Salem Depôt in large quantities, to the quantity of Tobacco, Ghee & Jaggery imported during the year being greater than that of the year previous, & partly to the income derived from Cocoanuts fresh & dry and betel leaves.

4 The Total demand for the year under report under the head Miscellaneous, tax on houses, shops, mills Looms & Carriages &c. plus Rs. 72921-9 remained uncollected at Close of March 1879 was Rupees

a balance of Rs 633.
not recovered at the
March/80.

5 It will be observed
there is an increase of
678-4-0 over the actua
income of the previous
year & Rs 873-6-7 over
Budget estimate under
head "Market rents." The
increase is due to the an
& stalls which were vac
being rented during the y
& to the increase effected
the Collection of daily fee

6 During the year under
report, a sum of Rupe
687-7-2 is shewn in
account as realized
sale of land. Of this sum
Rs 495-10-8 which were
in deposit in the Dis
Treasury

Treasury up to end of March 1879, was credited during the year, agreeably with instructions contained in the Chief Commr's Proceedings

7. During the year under reference, a sum of Rupees 1391-15-10 was collected under the head "Miscellaneous" from the different sources noted below.

Sources	Budget estimate for 1879-80	Actual income in 1879-80	Differences Increase	Decrease

A sum of Rs. 4875 was
provided in the Budget under
the head "Widening roads & lanes"
and Rupees 4857-3-3 were spent
in buying up houses & land
& portions thereof for widening
29 lanes & streets.

A sum of Rs. 454-8-3
was spent in repairing
Kasanjee & Jeman Row Tank
feeders, and in supplying
granite stones to the Jeman
Row Tank feeder, the Budget
estimate under this head
being Rupees 500.

Repairs.

10 A sum of Rs. 7000 was
provided in the Budget for
the upkeep of roads &c. in
the Town during the year
under reference, while Rs.
6630-7-10 were spent in
repairing 31 roads of a total
length of 3 miles, 5 furlongs
& 159 yards, besides clearing side
channels & drains, repairing

No. 524

Secretary's Nos 4038/219 and 4085/284 of the 14th October and 23d ultimo, respectively, requesting submission of details of sanitary arrangements existing in the District.

Has the honor to submit the report called for, together with a statement showing the action taken on the Resolution

By Commissioner

Report regarding the Sanitary Arrangements under the heads below detailed, as Required by para 3 of the Chief Commissioner's Proceedings No. 2139-50 / Dn. 116 of 16th August 1879, for the year 1879:80-

I. Sanitary works executed, and in progress during the year:-

(a) Drainage- V shaped and box drains were constructed in several Municipalities at a cost of Rs 1425-7-3 from the sale proceeds of building sites, and the Budget allotment of the year 1879/80-

(b) Water supply. Some Repairs were executed at an outlay of Rs 23 to the Reservoir or Kadlisa at Kanka

Dod Bullapur-

Many trees have been planted, but not exactly within Municipal limits-

(b1) Planting up trees and

Manure pits have been removed outside of village limits, and many old ponds and the like filled up-

(c) Improvements village sites-

By means of an establishment consisting of sweepers and Conservancy Carts, the towns were kept clean, and were daily supervised by the members of the Municipal Committees-

D. Conservancy

A new street was opened in the town

E. Other Sanitary improvements-

town of Kankanbully at an outlay of Rs 182, and all Major, and several minor Roads were Raised and Gravelled.

II Disposal of Refuse and the arrangements made for Conservancy, stating the number of Public Latrines.

The Towns were not provided with any public latrine. The Refuse was removed by sweepers and Conservancy carts to dust bins, whence it was heaped in a locality where the same was sold by Public auction.

III Any outbreak of Epidemic &c. — None.

IV Quality of water supply, its sources and ster — Fair. Supplied from tanks and wells.

The public health VI The general
very good, and the of the people, and the
tary Condition of sanitary Condition of
ny of the towns was the town—
table.

General Remarks.

Hitherto the
Revenue has been so
small in these Minor
Municipalities, that
beyond Constructing a
short length of Stone
drain, a little Road con-
struction and repair, and
the Keeping up of a
Conservancy Cart and a
few sweepers, nothing
else could be attempted.
Now that the

under the Recent
Liberal orders has been
considerably augmented
Considerable strides i
Municipal improvemen
will be effected -

any report of the Municipalities of the same district.

The following information is furnished with respect to the several sanitary points which require to be noticed, as directed in para 3 of the Chief Commissioners Proceedings No. 2139-SD/116 of the 16th August 1879

Town of Kassan.

Drainage. During the past year a covered drain was constructed at the cost of Rs. 11-11-0; and much attention was paid to the work of connecting house drain with the Street drainage the cost having borne by the house-owners.

ater Supply. No expenditure was incurred under this head, and none was needed, as will be seen from the notice taken of the subject further on.

ubing of Avenues and trees. In this respect the town vies with any in India, the high road being throughout

trees, and small plots planted with ornamental trees. Rs. 31-8-6 were during the year in plan Cocoanut trees round upper reservoir.

Improvement of village sites.

A field to the south the Fort Depôt belong to one Amin Sahib, ape at Rs: 2-6-7, was acqui for the extension of the te by the payment of compe sation amounting to Rs.

Conservancy.

An establishment co posed of 1 Overseer at Rs. 30-0-0 per mensem a Mukaddy on Rs: 9-0- 1 Duffadar on Rs: 6-0-0 2 peons at Rs: 4-0-0 and respectively, 4 sweepers a Rs: 6-0-0 each, 4 sweepers Rs: 5-0-0 each, 2 at Rs: 7-0-0 each, one lighter at Rs: 6-0-0, and carts at Rs: 16-0-0 each maintained, the cost having an of Rs. 1800-0-0.

The Streets are swept daily, and the drains are thoroughly scoured and flushed with water. The backyards are regularly inspected, and the townspeople are required to remove regularly all refuse, which is valuable as manure.

Other Sanitary improvements. A road was opened out by the side of the Durga, Rs: 119 6 " having been paid as compensation. The Streets in the town were kept in good repair with the aid of the Lascepers and at a cost of Rs. 331-9-6, including minor improvements.

Privies & disposal of Refuse There is one Latrine maintained in good order in charge of a Scavenger on Rs. 7-0-0 per mensem. The refuse is carted to a distance and sold yearly for manure. Some is used in filling up gradually the fort ditch, earth being thrown over it.

Epidimics There were no epidimic of any sort

Province, a water-
Lefeure having the

State of Drainage of Streets and of Houses.

Few towns in Ireland are better drained. The is a system of main drain to carry off the flood wa and side drains, made V shaped stone, are co structed on both sides all the streets and la Passages between han are also attended to

Health.

The health of the l was exceedingly good Number of deaths ref

was 68 in a population of 5061, or only 13·4 per mille. This satisfactory result is due to the good climate and excellent sanitary condition of the town.

— " —

The nine Minor Municipalities in the Taluk Kasbas of Sakleshpur, Belur, Arkalgud, Nanjipur, Channarayapatna, Attikuppa, Nagamangala, Hanuballi and Alur

Drainage.

Rs 35-" -" was spent on this object in Arkalgud and Rs. 45. 8. " in Belur in the construction of covered drains.

Water supply and removal of village sites.

No expenditure was incurred under these heads.

Planting of trees and avenues.

About 50 cocoanut trees were planted by the townspeople at Sakleshpur in front of their houses, at their own cost. The high roads up to towns are lined with avenues of young trees.

Nagavati river. At Arkalgid, Kanchalli, Chennarayapatna and Attikuppa, they obtain it from the large tanks in front of these towns. At Nagamangala from a reservoir in the fort and from the tank.

Drainage of houses and streets.

The only drainage in most of the Taluk Kasbas consists of simple open drains excavated in the road by the sides of houses. The main streets of the Pettas of Narsipur, Arkalgid Attikuppa and Chennarayapatna are however provided with V shaped stone slab drains.

Much cannot be said as to the sanitary condition of outlying towns as owing to the formerly very limited means at command, the conservancy establishment was wholly inadequate and the public

affected.
on the whole sup-
ter the verdict ought

From

The President,

Town Municipal Commission,

Bangalore.

To

The Secretary to the

Chief Commissioner of Mysore.

Sir,

With reference to your Docket No 482/28 dated 23rd November 1880, I have the honor Submit the Administration Report of the Town Municipality for the year 1879-80 drawn up in accordance with the instructions laid down para 3 of the Chief Commissioner's Proceedg No 2139-50 of the 16th August 1879.

Mc 116

2 The Statistical Returns therein quoted have already been furnished with this Off letter No 259 dated 12th August 1880.

I have the honor to be
Sir,
your most Obt Servt

J. M. M.
President
Town Municpl Commn

Annual Report of the working of the Bangalore Town Municipality together with Statistical Returns connected therewith for the Official year Ending 31st March 1880.

The administration of Municipal affairs has continued to be conducted under the Municipal Regulations of 1871 agreeably to the provisions of which the Municipal Commission is composed of a President 10 District and 4 Ex-Officio Members all of whom are appointed by the Chief Commissioner.

Previous to the year under Report the Town had been divided into 3 Divisions with 2 Commissioners to each and on occasions of any of the Commissioners being unavoidably absent from the Boards Meetings the business of the day had frequently to be postponed consequent on there not being present a sufficient number of Commissioners to form a quorum. To remedy this difficulty and to secure greater efficiency in the working of the Municipality the number of Divisions has been increased from 3 to 5 thus adding 4 additional Members to the Municipal Commission and which appointments were conferred on the undermentioned Gentlemen.

during the year and 2 Sub Committee Meeting

The estimated Income for the year inclusive of a Sum of Rupees 8,000 which it was anticipated would be carried over from the previous years accounts was Rupees 71,685 whereas the actual Receipts inclusive of Rupees 5523—12—1 being the actual balance from the previous year. Amounted to Rupees 67,150 -6—10 thus showing that the actual Receipts fell short of the amount estimated by Rupees 4528—6 " It is here necessary to state that the Receipts for the part year include a large Amount of arrears remaining uncollected at the close of the previous year and include also the following items and which were not included in the Credit Side of the Budget Viz: Rupees 3574 10—3 realized by the sale to Govern= =ment of the Municipal Cart Stand near the Railway Station. Rupees 1099 4—5 being the Town Share of the Octroi duty on Dry and green Cocoanuts and Rupees 1465 9—11 the Amount per= =mitted to be transferred to current Income from the proceeds of the sale of waste Sites. If all these items be excluded it will be seen that the actual Receipts for the year Amounted only to Rupees 51554—4—3 or to Rupees 20,130—11—9. less than the estimated Amount

Appendix A exhibits in detail the

Several items of actual Income contrasted with the Budget Estimate, and it is only necessary therefore for me to explain the circumstances that led to these deficiencies occurrings. Under head Octroi, there is shewn a deficiency of Rupees 1,009—14—4 and which was partly due to diminished Sales and partly to the abolition on the duty on Areca nuts as per instructions conveyed in the Chief Commissioner's Proceedings No. $\frac{4414}{243}$ dated 24th December 1879. The arrears outstanding at the close of the year under the several following heads will yet probably be made good.

Land Revenue	Rupees	3400	" — "
House and Mohaturfa Tax	"	11534	3 — 9
Miscellaneous Income	"	1047	13 — 6
		15982	1 — 3

The subjoined table shows the taxes sanctioned to be levied, the Amount of Income derived from each tax, and the incidence of each per head of population

Item of Income	Amount			Incident per head of population

Executive Engineer's Department.

The suspended Report by Mr Gibson Munsiff

Executive Engineer gives full details of the work done in his Department and I shall therefore confine myself to offering only a few remarks on some of the most important works carried out during the year.

Drainage

The Subsidiary Drainage of the Town has as usual received a large amount of attention, many of the old Covered in Boy Drains and which in many instances were not required and were besides Constantly liable to become entirely choked up with silt have been done away with and open V- Section Drains substituted in their stead. A saving of expenditure is not only thus effected but the surface of the roadways is now also able to be Kept in better order. During the year 16975 Rung; feet of V- Section Drains have been Constructed at a cost of Rupees 5166--12--9 and by a reference to Statement A will shew the particular localities where these Drains have been Constructed.

Water Supply

All the public Wells and Reservoirs have been cleared out and are carefully conserved

Planting of Trees

All dried and decayed Trees on the Roads and Avenues within Municipal limits have been removed and young trees planted in their stead.

Other Sanitary improvements

Under Mr. Gibson's able and Zealous Supervision much good work towards the Sanitary improvement of the Town has been done, all the Municipal Roads have been repaired and put

Sanitary Condition of these Localities

The Conservancy Establishment Consists of a Sanitary Inspector 4 Conservancy Overseers fifty first Class and fifty five Second Class Sweepers Twenty Bullock Carts and three hand Carts are kept up for the daily removal of all Street Sweepings and other refuse matters all which are collected and stored in convenient Localities outside Town limits, and disposed of half yearly by Auction. There are altogether 22 Public Latrines and 15 Urinals in the Town, in the former of which the Dry Earth System is in force; the Cost of the Conservancy Establishment for the year under Report amounted to Rupees 9223-2-9, but as a Set off against this outlay must be put a Sum of Rupees 1000 realized by the Sale of Manure. 6 Zinc Urinals and 30 Dust bins have been added during the Year to the number previously existing, and have been put up in Carefully Selected Localities.

Conservancy

The health of the Town has been remarkably good throughout the whole of the past year, and there has been a total absence of diseases of either an Epedemic or Serious Character.

The General health of the people, and Sanitary Condition of the Town

The Mortuary Returns shew the number of deaths to have been from all Causes 1320

during

being in the ratio 22.545 of per Mille of the Estimated population.

The Water Supply of the Town and which under nominal Conditions as regards Raenfall is Amply Sufficient for the wants of the Inhabitants is obtained from the Dhurmawboddy Tank and from Wells. The tank water which by means of Caranjee Channels is conveyed to a large portion of the Town though somewhat discolored is still largely made use of and is considered wholesome by the Native Community. Only such wells as are situated outside of Town limits afford a Supply of potable water, all those within the Town contain only brackish water and are only used for ablution purposes.

Notwithstanding that due publicity was given to the Proceedings of the Chief Commissioner and order thereon No. 2784-95 dated 6th September 1879 Mis 147 the Matter does not appear to have received much attention as Since the publication of the above Order only 18 Snakes (Cobras) have been produced for the Reward at the Municipal Office and the total disbursement on this account has Amounted only to Rupees 4-8-0.

The Commissioners have afforded me every assistance in the disposal of all matters Connected with their respective Divisions and it affords me much pleasure to place on Record my appreciation of the value of the Service they have thus rendered not only to the Public but to myself personally.

I am

Mr Murray has Pillay Assessor and
Collector has carried out the onerous and res-
-ponsible duties of his office to my entire
Satisfaction.

Mr Gibson Executive Municipal Engineer
has Conducted his duties in a most able zealous
and efficient manner.

Bangalore Municipality
Public Works

Annual Report for 1879---80

Original Works

Item No 1

Constructing 6 Zinc Urinals in Nos 1, 2 and 3 Divisions

6 Zinc Urinals at a cost of Rupees 40 each have been put up in the undermentioned Site, these Urinals were much needed, and as they occupy a very small Space of ground, being only 3 feet in diameter, can be placed in the midst of Crowded localities without any inconvenience to the Residents.

1. Old Butchers Street
1. Siddicutta Road
1. In Rear of Linghur Thana
1. Gopaul Iyengar's Chuttrum
1. Poorniah's Reservoir
1. Near Bazar Rot.

No 2. Constructing 30 Dust-bins

These have been placed in the very narrow lanes and are of the greatest use in Keeping the Town clean. They are built entirely of Stone at a small cost of Rupees and when once put down will last for ages

numbering acted near their houses.

No 3. Constructing V Section Drain in Thargoo Pete.

The Drainage of this Road has always been very defective, owing to the want of proper Drains for Carrying off the Surface water; A leaf Drain on either Side of the Road some 3 or 4 feet below the Surface was constructed Several years ago. but is of little or no use now as it easily Silts up and there is great difficulty in Keeping it clear. a V Section Drain has now been laid on both Sides which Carries off the Surface water entirely from the Road into the Main Drains.

No 4 Constructing a V Section Drain in Jemadar Sreejeena Naicks lane.

Kaudi Reuna Pete.

This was a narrow filthy lane with no drainage of any description, a large quantity of Sewage was allowed to flow from private houses into the lane, which prevented people using it as a thoroughfare. A V Drain has been laid on one Side and the lane raised and gravelled.

No 5. Constructing V Section Mooneap-=pahs lane Kaudi Reuna Pete.

This lane had a Roof Drain running along

along its centre with little openings at ri-
of 30 or 40 feet to allow the Storm water to
flow into it. A quantity of Silt cannot its-
way into the Drain through these apertures
Completely choaking it up, and when heavy
Rains came down the Drain was perfectly
useless and the water Stood in the lane to
the great inconvenience of the inhabitants-
A V Section Drain laid down of one side
of lane easily discharges the whole of surface
water into the Municipal main drain.
No 6. Constructing V Section Drains from
1 to 10 lanes from Nagarath Pete main Road
and in Gouriger Pete.-

V Section Drains have been laid down
in most of the lanes in Jori, Nagarath and
Gouriger Petes.

The drainage of this portion of the Town
was most defective although Several of the
lanes have Covered Pucka Drains running
along their centre. These drains do not
answer for carrying off the drainage of a lane
no water will get into them unless large
apertures are made and at short intervals
this is very objectionable where the lanes
much frequented at nights as persons are
liable to get their foot into the hole and
besides the surface of the lane cannot be
Kept in order if the centre is Kept lower
than the sides. A great difficulty was

also

V Section Drains has greatly removed the difficulty and the Conservancy Department can easily cart away the filth from the Open Drain which hitherto was allowed to accumulated in the Covered Box Drains open Slabs Stone Side Drains assist very much in keeping the surface of Roads & Lanes in good order.

No 7. Constructing V Section Drains in Cubbon Pete.

Nos 1, 2, 3, 4, & 5 cross lanes in Cubbon Pete were only ones left without Stone Drains these have now been completed. the total quantity of V Section Drain laid down in Town during the Official year is 16,975¼ Rft: feet at a cost of Rupees 5168-10-9.

No 8. Improving Poorniah's Reservoir.

This is one of the most frequented bathing places in the Town reserved for females. The Reservoir was some 22 feet deep with Steps leading down to the bottom. this excessive depth was quite unnecessary and besides prevented the foul water being run off; the cost of bailing out the water by peotahs was great. Accidents were very frequent as there was nothing to prevent

People

people falling in, the steps being narrow and slippery. The improvement carried out now is as follows.

The bed of Reservoir has been raised 22 feet and floored with Stone Slabs. A pipe from the Karanjee well has been built which will fill the Reservoir with water from the Dhurmakee Oy, Tank to a depth of 4 feet only. Another drain from the Reservoir to the main drain has also been built this will empty the Reservoir when the water is fouled. By this arrangement the Reservoir will always Contain a supply of fresh water and will also prevent accidents. Rupees 1950 was Sanctioned for Completing this work.

No 9. Constructing Mundies at the S. E. Corner of the Pete Market.

Eight Stalls have been Constructed on the vacant site at the S. E. Corner of the Pete Vegetable Market. This work was proposed 2 or 3 years ago but had to be deferred until now for want of funds.

The Stalls have been built to Correspond with the Market and also to form the Entrance into the Pete Main Road

The building has been completed at a cost of Rupees 2530—

rain Roads and lanes in Order. The Small Stone will not permit of any heavy work being done to the principal thoroughfares. Great difficulty is experienced in keeping lanes in Order, this is owing to the houses in them discharging the drainage of their roofs right in the Centre, this cannot possibly be remedied as the roofs have all been sloped towards public Roads and the change the direction of the drainage will be very expensive and in Some Cases impossible. Owners of houses are now being called up to put up pipes carried at the end this will prevent the water being discharged on the Centre of the lane. Every lane almost has been picked up formed and gravelled and in Some Cases they have been widened by the removal of Dyals and other unnecessary projections.

A permanent staff of 12 Road Maintainers are kept up for repairs any rut &c forming in any of the Roads is immediately repaired by these men. The Drainage of all the Main Streets have been attended to now that even after heavy rains the Roads are perfectly dry.

Drains.

Drains — Rupees 1094 — 10 — 11 has been expended for clearing out and Repairing Covered Drains - a gang of 12 Hamalies with a Duffadar is especially appointed for this work. the cost is heavy but it cannot be avoided. Drains are built 1 or 2 feet below the surface of the Road - they are easily chocked with filth and if not taken up from beginning to end at least once a year become perfectly useless, and great damage is done to Roads and property. The system of constructing Covered drains for carrying of storm water has been done away with and the V Section Drain substituted.

Rupees 221 — 1 — 10 has been expended in carrying out the Annual Repairs to Markets Latrines, and Cattle Ponds - The buildings have all been Kept in perfect order.

Cantonment Municipal
Commissioners office
Bangalore 26th January 1881

To.
The Secretary to the
Chief Commissioner of Mysore
Revenue Department
Sir,

I have the honor to return the
the statements received with his
No. 6147/ME 870 dated 21st January 1881
duly corrected as requested.

The quantities of Dry Cocoanuts
and Tobacco of Her Majesty's Cus-
tories taxed and shewn in the
Returns for the months of November
1879 and January 1880 respectively
are correct, but the difference noticed
in the Docket under reply is due
to the instructions as regards

conveyed in Chief Commissioners Proceedings No 3362-73 / no 161 dated 27th November 1879 having been under a misapprehension of the nature thereof levied also on Tobacco of Her Majesty's Country from 16th to 23rd January 1880 as it has however been since ascertained that the proposed change did not apply to the latter, the usual rate of Rs 3-8-0 per maund was continued to be levied from the 24th January 1880.

The Duty on 218 maunds of Dry Cocoanuts taxed during the month of October 1879 or Rs 102,,3,,0, is correct calculated at the old rate of 7½ Annas per maund, the

Increased

revised duty of 8 annas per lb and
prescribed in Chief Commissioners
Proceedings No: 6053-64/mc202 - dated 30th
October 1879 having been enforced
from 1st November 1879

I left word to see that the increased rate of 8 annas was enforced from 1st December 1879

Admitting to the small differences in annas and pies as per pencil notes in the Statements they to State that these differences arise in the calculations of duty on fractions of weights in the numerous items of the daily Collections

I have the honor to be
Sir
Your obedient Servant

Office of the Cantt. Municipal Commission,

Bangalore, 3 February 188/.

From

The President,

Cantonment Municipal Commission,

Bangalore.

To

The Secretary to the

Chief Commissioner of Mysore.

Revenue Department.

Sir.

I have the honor to ac-
knowledge the receipt of your docket No 6284/343 dated 25th ult. & thereon requesting information with reference to clauses 2, 4, 5 and 6 of para 3 of Chief Commissioner's Proceedings No 2139-56 dated 16th August 1879 and in reply I beg to report as follows:

The Conservancy of No 1, 2, and 3 Divisions of the Cantonment have during the year been carried out departmentally by the provision of trolleys constructed for the purpose with which the rubbish and filth has been removed to the manure Depots at which place the manure thus collected has been sold by public auction half yearly to the ryots who utilize the same for their fields. The system of removing the rubbish &c

prairie in 2 4, 5 and 6 divisions during the ensuing official year.

The total number of latrines in working order in the Cantonment are 87 of which number 46 are for males and 41 for females, in addition to the latrines there are 12 urinals in use in different parts of the Cantonment viz 2 in No 1, 1 in No 2, 4 in No 4 and 2 in No 5 Divisions.

The water supply of Bangalore is obtained from Canal and wells, there are altogether 69 public wells but only those situated on the outskirts of the station contain good water. The supply from the tanks is good and in years of average rain fall is amply sufficient for the wants of the people.

The drainage of the streets and houses in the Cantonment where a system of underdrains has already been introduced is working satisfactorily, very much yet remains to be done in this respect, provision is made annually for the extension of drains to streets and lanes in crowded parts of the Cantonment

During the year 1,800 running feet of Boys and 13,944 running feet of Latrine

urinal

drains have been laid down.

The Sanitary condition of the Cantonment has been satisfactory and the general health of the people good.

No Epidemic prevailed in the Station during 1879-80.

I have the honor to be

Sir

Your most obedient Servant.

President Cantonment Council
